

Aqua Run Seaworld 9M

Climbing and clambering over water

Who will win the balance test on this exciting Seaworld Ball Adventure Run? Because walking over and between the objects is not as easy as it sounds! The upside of it all is that falling into the water does not feel like losing at all. This is an extremely exciting obstacle course that will guarantee plenty of enjoyment.

Approved inspection to guarantee safety

For years, JB has designed and manufactured inflatable water attractions that can safely be used by everyone. Every attraction comes with an approved inspection certificate (NEN-EN 15649:2009), a blower, a log book and a clear manual. Each water attraction has several anchor points that have to be fastened with appropriate anchoring materials to ensure the object stays in place. A quick set up to get the party started.

JB's high quality demands

All water games we offer are made of strong, high frequency welded PVC material of 900 gr/m². This is how we guarantee the quality of our products. In addition, the material has a useful protective coating that is resistant to influences of chlorine and other water properties in order to ensure the products are durable and easy to keep clean to boot. This Seaworld Ball Adventure Run comes with a 1-year warranty. Purchase this 9-metre water Adventure Run and deliver an experience kids will remember.

More than 15,000 customers also opted for JB

For over 15 years, JB has made people around the world jump for joy. More often than not literally! Our team of designers, developers and logistic staff supply unique inflatable attractions in a grand way! Our customers are assured of our professional service and delivery and tend to call us 'creators of greatness'.
