

Footvolley Boarding

Footvolley anyone? Yes, footvolley!

This footvolley boarding is perfect for use during a game of footvolley: Volleyball without the use of arms or hands, which means the ball has to be played with the feet instead. The footvolley boarding is airtight. In other words, the boarding has to be inflated with a high-pressure blower just once, and then the blower is completely removed. This means the boarding can be used practically anywhere, even on water!

Perfect for use during events and easy to set up

The footvolley boarding easily sets up within 10 minutes, for instance during events, a hexathlon or sports activities. The footvolley boarding comes in one part, which makes it easy to transport. We supply this footvolley boarding with the blower, anchoring materials, a transport bag and a clear manual conveniently included. It is the complete package for a great experience!

Strong, high quality and a 5-year warranty to boot

All JB inflatables have several reinforced tension points, are multiply stitched and are made of strong, high-quality PVC. This quality guarantees that the item is durable and easy to keep clean. The footvolley boarding comes with a 5-year warranty, which allows you to offer a product with years of optimum playing fun.

Purchase this spectacular footvolley boarding and deliver the experience your customers will remember as the day of their lives!
